

***Cross Country Skiing & Snow Play Excursions
for Schools, Clubs and Corporate Groups!***

Dear Snow Sports Coordinators,

Welcome to Lake Mountain Alpine Resort!

May I introduce myself, my name is Alan Eason, and I am the Lake Mountain Alpine Resort Ski School Director. I would like to invite you to Lake Mountain to experience our wonderful ski trails and unique alpine environment.

We are able to offer your School, Club or Corporate group a range of Cross-Country ski programs to satisfy all your needs. Lake Mountain is the closest alpine resort to Melbourne and is not declared a hazardous road, making the journey easier for all.

We can help you plan a School, Club or Corporate group camp with a number of snow adventure activities to be included in your program.

Remember, Cross Country skiing is safe, fun and affordable! Why not put some alpine adventure into your School curriculum program, Club diary or Company day for this winter season.

Lake Mountain Alpine Resort Ski School operates Australia's biggest and best Cross Country Ski School. To ensure that your trip is rewarding and memorable, "Learn to Ski" and "School's Beginner Lessons" for the first time skiers are highly recommended. Come up for a couple of days and see the skill progression in your students and the joy on their faces. Cross-country skiing is the most dynamic health and fitness related activity you can present to your students, in a truly unique and beautiful environment.

Our Ski Shop has an extensive range of quality hire gear with the convenience of being on the mountain, and our customer service is second to none. A one stop, no hassle pick up for your entire ski experience needs. We strive to make your trip easy and memorable. So why not give us a go.

Check out our prices for a day in the snow, we doubt you could find a cheaper day of skiing and snow playing anywhere. Have the hassle of student management, lesson plans and activities taken care of.

Kind regards,

*Alan Eason
Ski School Director
